## Appendix B

### Youth Ministry Institute (YMI)

#### Sponsored by New Orleans Baptist Theological Seminary<sup>2</sup>

Course Description: The Youth Ministry Institute offers youth ministry training, using a concentrated delivery system, to provide a different type of youth ministry training. For students who are enrolled in the MDiv/CE or MACE degree track, a specialization is possible by attending the institute in two consecutive January workshop blocks. The delivery system is especially beneficial for extension students. In addition, alumni, and veteran youth ministers who wish to return for continuing education may register for an auditing fee.

The Youth Ministry Institute is not a replication of classes which are offered during the regular academic semester, but a different type of exposure to youth ministry altogether. Guest speakers, who are expert in the field of youth ministry, will address topics within the discipline of youth ministry. Following their presentation, questions, debriefing, discussion, and suggestions for implementation in the local church. This dialogue is designed to build participant competency in a variety of important areas.
